Investment fund

Objectives and investment universe

Umbrella Fund: BCF / FKB (CH) FUNDS

The fund's objective is to achieve long-term capital gains relative to its benchmark index, the SPI®, with good diversification and disciplined risk management. The investment process consists of exploiting equity market opportunities using a variety of stock selection and sector allocation strategies.

Management approach

The fund invests at least two thirds of its assets in equity securities and securities (shares, dividend warrants, cooperative shares, participation uncertificated securities and similar securities) of companies that have their registered office in Switzerland or carry out the majority of their economic activity there, and are part of the SPI® benchmark index. The fund may invest a maximum of 30% of its assets in units of collective investment schemes and 10% in structured products.
